

This sheet includes all of the acoustic guitars, electric guitars, and basses that I've bought and resold

\* Items were bought at such low prices because they were in need of repair/setup and items that were bought for "\$0" were gifted or owned prior to making this sheet.

\* the nine items marked with a '\*' were purchased together at one time for \$530... each one is listed as a \$59 expense because  $\$530/9 = \$59$
